## Welcome!

Over the years I have seen dog training techniques advance to the point where we are now able to work with our dogs in partnership as opposed to forcing our will on them. Whilst training to be a Tellington TTouch practitioner it became clear how easy this transition can be using simple techniques and equipment where necessary.

Mekuti started in Cornwall in 2004 initially supplying other TTouch practitioners in the UK and now operates from West Yorkshire supplying dog trainers, behaviourists, rescue centres, and the general public worldwide with specialist equipment designed to help you and your dog with wide-ranging issues. All equipment is designed to work with your dog gently and comfortably and will have been thoroughly **tested on animals**, either Meg or Heidi, our constant companions!

All of the Mekuti branded products are currently made in the UK which enables us to get the best quality and also means that we can make any changes quickly. The packaging is simple and products come with full instructions, and we are available during office hours to help with any queries or specific advice. Mekuti was named after Meg, Kugel and Tigger (my furry friends) and research revealed 'Mekuti' was also the name of a Buddhist monk, which reflects my belief in gentle consideration for all life.

Our 30 day guarantee stems from the cupboard full of unused dog training equipment I had acquired over the years prior to TTouch! If it doesn't suit your needs just send it back (clean) and you will receive your money back, and if able I'll help you to find a suitable alternative.

I hope that you find what you are looking for. Happy browsing.

## CALMING EQUIPMENT

### Help with:

- Sound sensitivity - thunder and fireworks, general anxiety;
- Shyness;
- Ageing issues, mobility or travelling problems;
- Hyperactivity or panic.

## BODY WRAPS

A **Body Wrap** brings an animal's awareness to its body and away from the source of the fear (e.g. thunder, fireworks). The sense of security given by the wrap also brings confidence, releasing habitual responses and behavioural patterns, allowing them to observe the world around them and respond rather than react to stimuli. *Like a portable hug.*

The wrap comes with a nappy pin to secure and full instructions.

**NB. A dog should never be left unattended in a Body Wrap. If you need the calming effect while your dog is on its own, consider getting a T-shirt as well which has an almost equal effect. (See page 6)**

Small dogs	2" wrap	£8.00
Medium dogs	3" wrap	£8.50
Large dogs*	4" wrap	£9.50

### My poor dog was stressed out

"I am absolutely in shock as to how well the Body Wrap works. We have had a week of thunder and fireworks and I have now used it four times on my rescue dog. Every time within 5 minutes he was asleep. I am so grateful it has worked so well. My poor dog was stressed out for 7 hours every time there was a storm; if it was at night it was impossible for me to get any sleep. I did not ever expect this to work!" Cath, Wuff Dog Training

## CALMING BANDS

Calming Bands may help with:

- Barking or chewing
- Emotional upset
- Shyness
- Sound sensitivity
- Fearfulness

**This band works best in conjunction with Tellington TTouch to address any underlying causes of tension in the mouth.**

Gives feedback when the dog barks by making gentle contact around the muzzle without restricting movement or tiring the dog. Many dogs bark from habit and this simple way of bringing awareness to what they are doing is often enough to quiet them.

The contact with the face has a noticeable calming effect.

**Measure in a figure of 8 around the muzzle, cross under the chin and up beneath the ears.**

Small	17.5" - 21.5"	£9.00
Medium	21" - 26.5"	£9.50
Large	26.5" - 35"	£9.95
Extra Large	32" - 40"	£12.00

**Only available in black**

### She stands like an angel

"Absolutely brilliant! It's so gentle. My Bearded normally barks out on walks, but now there's not a peep from her. She would bark for her tea, but now she stands like an angel. Her mum

would wind her up making her bark, & that has stopped too! I can't believe it!"

Mrs. H. Hands

### From being tied up to being walked every day

"Just to say thanks for the (non-standard) calming bands. The large was just perfect for the dog in Hungary.

Between that, a balance lead, a confidence course, some clicker training and teaching him not to jump up, he has gone from being tied up permanently and ignored as nobody could go near him, to being walked every day, and the overworked mum of the family spends an hour every evening with him chilling out.

Great result!"

Miss N. Richardson

## HOTTERDOG JUMPER

Protect your dog from the worst of the weather, keep them dry or just for calming during cold weather.

- Water repellent and wicks moisture away from the dogs body keeping them dry during exercise, or dries them after exercise.
- Maintains good body temperature so reduces the chance of overheating.
- Customers have noted the same calming and anxiety reducing effects as our T-Shirts and Body Wraps.
- Comfortable and washable.

Made from EqualX, a premium grade, medium weight fleece by Equafleece. Available in Black, Green, Royal Blue and Red

*Highly recommended by Meg and Heidi!*

### Coat of Confidence!

*"Portia loves her Hotter Dog Coat of Confidence! It not only keeps her toasty warm on her morning walk, it helps her shyness with other dogs."*  
Angela Walledge

### Heart problems

*"My vet really loves the Hotterdog jumper as it covers Moke's chest and apparently that's best for his heart problems."*

## HOT DOG?

**Sometimes panting isn't enough  
and overheating can be dangerous**

*Cool down with a Canine Cooler*

Overheating is dangerous for all pets but especially for our dog Heidi who also has a serious heart condition.

Sometimes panting isn't enough and her Canine Cooler is perfect as she just moves on and off whenever she wants to, making it easy for her to choose her own comfortable temperature.

### The Canine Cooler

- Cools without chilling or making your dog wet by drawing heat away from the body.
- At home on, in the car or at a campsite or garden in the shade on a hot sunny day – it's ready when you need it.
- The memory foam effect makes it really comfy.

### Really Useful for Active Dogs

- Provides an area for gentle cooling down after work, play or competition.
- Keeps your dog ready for even more action.
- Dogs with heart conditions and some other health issues also need to keep cool whatever the time of year.

### Simple to use

- Activated just once by filling with ordinary tap water.
- No refrigeration or electricity.
- Always ready for use when you need it.
- The surface collects no fluff and easily wipes clean.

## ADJUSTABLE COLLARS

- Seams on the outside for comfort and to minimise removal of fur.
- Fully adjustable. Colours match our leads and co-ordinate with the **Mekuti Balance Harness**.

### Webbing

Small (1/2")	7" – 12"	£5.30
Medium (3/4")	12" – 20"	£5.80
Large (1")	16" – 28"	£6.30

### Softex

Small (3/4")	7" – 12"	£6.30
Medium (3/4")	12" – 20"	£6.80
Large (1")	16" – 28"	£7.30

## LEG WRAPS

- Brings awareness to the legs and feet
  - Improves gait irregularities
  - Raises the foot action and reduces knuckling
  - May help de-sensitize legs/feet for nail trimming.
- Sold in pairs. Colours vary.**

Popular with owners of show and agility dogs because poor awareness of legs may make dogs appear to be quite clumsy and generally lack confidence. Leg Wraps can enable them to reconnect the body with the brain and improve integration and accuracy of movement. This sense of reconnection lasts even after the wraps have been removed.

Even though we make contact with most of the dogs torso, head and neck in daily handling through stroking and brushing, it is only when we need to handle the feet and legs for something like nail-clipping that we really notice their sensitivity to touch in these areas.

Sensitive use of Leg Wraps combined with TTouch may be of benefit.

Small	Cats and toy dogs	£6.10
Medium	Small and medium dogs	£6.60
Large	Large dogs, small ponies	£7.10

## THE BALANCE HARNESS™

### The Mekuti Balance Harness:

- **Stops pulling** on the lead
- **Improves control** and enjoyment of walks
- **Reduces stress on joints** and anxious on-lead behaviour
- **Good for any age group** from puppies through to old age
- **3-way adjustment** ensures a fit which is comfortable
- **Patent pending design** by Tellington TTouch Practitioner and made in the UK.

**30 DAY MONEY BACK GUARANTEE**

### HOW DOES THE BALANCE HARNESS WORK?

The patent pending **Mekuti Balance Harness™** uses two points of contact with a Double-Ended Lead. This allows you to withdraw one of the balance points when the dog pulls. They have nothing to lean into and are then unable to pull.

**In use, the harness works in harmony with your dog, not in conflict. It does not tighten across the dog's body, neck or head or cause any distress.**

**NOTE: A DOUBLE-ENDED LEAD IS REQUIRED**

It is fully adjustable to give a close, comfortable fit with no pinching or rubbing and is very difficult to reverse out of (tested on sight-hounds!). The seams are external on the chest for dogs with sensitive skin.

*"It's a really kind way to teach your dog to heel and I have recommended it to others. I really like it as he doesn't choke himself on it and he didn't take to a (head halter) at all."* Woody & Hannah Wemyss

**Available colours: Black, Red, Royal Blue, Dark Green, Purple, Navy Gypsy and Emerald Gypsy (diamond pattern in 2 or 3 narrow stripes).**

Our Softex double-ended leads are in corresponding colours.

**Measure your dog around the ribs just behind the front legs**

Size	Measurement	Harness only	Complete set with lead
Mini (toy dogs)	13" - 17"	£13.50	£21.00
Small (up to small cockers)	17" - 23"	£15.50	£26.00
Medium (collies)	20" - 30"	£17.50	£27.00
Large (labs & bull-breeds)	25" - 35"	£19.50	£32.00
X-Large	30" - 46"	£21.50	£34.00

**Note:** A harness set complete with lead, comes with the appropriate lead for the harness e.g. Small with 2.5m; Large comes with 2m 1" lead. If you have a special requirement, please state at the time of ordering.

**For head-shy dogs or those with sensitive ears:**

The Balance Harness is available with an additional fixing clip on the neck straps to allow the harness to be put on like a necklace and then done up as usual.

*Please state clearly on your order – the harness with the extra clip costs an additional £2.50, only available in black.*

## DOUBLE-ENDED LEAD

- Use in combination with the Balance Harness™
- Adjustable to a long, medium or standard lead
- Comes with a trigger hook at each end.
- Made in the UK from Softex - very comfortable in the hand, padded webbing that doesn't feel greasy when wet.

2m	Standard Softex lead	£10.50
2m 1"	1" Softex lead for stronger dogs	£13.50
2.5m	Longer lead for short dogs or tall people	£11.50
3m	A good long training lead	£15.00

*people have said some great things about the Mekuti Balance Harness:*

### He is a pleasure to take out

*I am a volunteer for a local dog charity – Waggy Tails Rescue, and am a foster carer, and have done this for many years.*

*My current dog is a very large lab cross, 27 kg – a big boy! His main problem, was that he PULLED – pulled for England and obviously had done so for many years. By day two, I thought I wouldn't cope with him.*

*Then I remembered how another foster carer recommended your Mekuti Harness. In desperation I ordered one. More in hope than expectation of it being any help. As soon as it arrived, I worked out how it was worn and off we went.*

*The difference was immediate and I could scarce believe it!*

*Now, after a month, I rarely have to use two hands, and just have the leads in one hand. When we first set out – he slips into the “pulling mode” but within about 10 paces, I have control and he is walking by the side of me – no pulling. He is a pleasure to take out.*

*I am recommending this harness and lead to everyone who mentions they have a dog that pulls because it is so immediately effective.*

Pat Coulston

### Brilliant product

*“The lead is fabulous. I work at a rescue centre so it's very good for dogs who need a head halter or harness. It is already much used, so thank you for a brilliant product.”* Lisa

### Immediate improvement

*“The harness brought an immediate improvement, with Monty ignoring dogs that he may usually have had a go at and with considerably less pulling.”* SAL

### Eye contact

*“Tried the new harness on Katie and what a difference! We're even getting eye contact! I'll let you know if I need any more help with it, but so far I am very happy.”* LW

### It gives me the confidence that I can hold him ...

### It gives him the sense that I'm in charge

*“I was sceptical at first but won over completely after using it for a few days and chuffed with the results with some of the more exuberant characters on my dog walking books.*

*One of 'my' doggies is a bit anxious which tends to make her a little leash aggressive. She seems to like the harness. It seems to calm her and make her feel more secure. She's now much more relaxed, as am I, and we're enjoying our walks more than ever.*

*Also using the harness is definitely improving my working relationship with a loveable, if head strong, intact male dog. It gives the confidence that I can hold him and gives him the sense that I'm in charge of the walk. Win-win all round! Plus the coloured harness looks gorgeous on him...”*

## Neem PRODUCTS

The neem tree is grown throughout India and Africa and the purity of our 'Neem 40' product range is ensured by thorough washing, drying, pulverising and then sieving through a 40 grade mesh. Neem Genie are the only known product manufacturers we have found to have mastered the smell of neem making it pleasant to use and they continue to develop and improve products in response to feedback from users and customers worldwide.

Neem and turmeric are natural, non-patented substances and have been used to relieve many conditions in humans and other mammals for over 2000 years.

**Neem is non-toxic to mammals** and is reported to be effective in controlling over 600 types of pest! *Please note: Neem causes temporary infertility which reverses after a few weeks so use with caution if you are planning a mating.*

### Physical and mental recovery were remarkable!

*"...our 13 year old Golden Retriever Jason was very ill - heart, circulation, joint and spine issues. The vet could do no more; he was on the maximum treatment and had reached the point where it was just a matter of time.*

*I started him on the Neem Triple Treats which he ate readily, although his appetite was nil. In a matter of weeks he was in his usual routine of walks, food and fun. It was unbelievable. His physical and mental recovery were remarkable too. At the same time an aggressive red mass appeared on his lower lip which vanished after application of Neem over a week. Using Neem gave us extra quality time together." C. Henry, Shetland*

### Neem TRIPLE TREATS A

*Dental care – worm repellent – immune boosting*

The pleasant way to introduce your dog to Neem with all of its benefits. Neem triple treat sticks were initially made to help with oral health (plaque, gingivitis, etc.), worms / flea repellent and to boost the immune system.

Other benefits are being reported; particular improvements are being noted in arthritic dogs, and there have been reports of positive changes with arrhythmia (heart).

Ingredients: Chopped cattlehide, cornflour, sticky rice, neem bark. For animals intolerant to any of the the ingredients, I recommend using the Multi Capsules.

**£10.50**  
per pack  
(100s)

**£58.00**  
for 6 packs

### Neem OIL A & H

*Many skin problems – burns – cracked pads – blisters*

Rub into the ears fortnightly to protect against fleas; Effective fly repellent for humans, dogs, horses, etc.

Can be used for direct application (e.g. for cracked pads, haemorrhoids, broken skin, burns, itching, etc.)

Mix with other products to boost their effectiveness (e.g. with the pet shampoo for mange). Also good for the garden, bad for pests!

### Neem PET SOOTHE SPRAY A & H

*Tackles many skin problems including infections and itching*

A calming, soothing and fragrant lotion designed for awkward areas. The spray dispenser enables ease of application under the coat, in dense fur, between paw pads etc.

Pleasant smelling and a really good alternative to Neem Oil.

Ingredients: Bees wax, glycerine, Neem oil, coconut oil, cedarwood oil, camphor, sesame oil.

**£10.00**  
200ml

### Neem MULTI CAPSULES WITH TURMERIC A & H

*Immune boosting – anti-inflammatory – well being*

All the benefits of Neem with the addition of Turmeric - a well known anti-inflammatory.

**Turmeric boosts the effectiveness of the Neem.**

Reported uses include: allergies, arthritis and joint problems, bad breath, dental problems, cholesterol, diabetes control, heart problems such as arrhythmia, intestinal worms, parasites, circulation, rheumatism, stomach and bowel problems.

Neem and turmeric are natural, non-patented substances and have been used to relieve a number of conditions in mammals and humans for over 2000 years.

*Do not take with aspirin as Neem has the same properties and may cause a conflict.*

**Neem BARK** A & H

*Direct oral health – mouth care – anti-plaque*  
The bark powder's anti-inflammatory, anti-plaque and antiseptic properties have been well researched. Neem Genie Bark Powder's purity is ensured by thorough washing, drying, pulverising and being sieved through 40 mesh.  
The two main areas where bark excels is in oral health and gastro problems. For concentrated oral health treatment dip toothbrush into bark and or use mouthwash made from extract.

**Neem ACTIVE TOOTHPASTE** H

*Natural protection for strong teeth and healthy gums*  
**Neem protects • Mint freshens • Calcium strengthens**  
Neem kills the bacteria that cause tooth decay, pyorrhea and gingivitis (Gum disease). It also prevents cell adhesion, helps to control plaque and is very effective in areas of pain control.  
Contains bark extract which has unique properties, is not as bitter as other products from the tree and is flavoured with spearmint.  
*Ingredients:- Neem, calcium carbonate, Spearmint, fluoride.*

**Neem MOUTH WASH** H

*Alcohol free, effective for fresh breath confidence*  
Finally a mouthwash that actually treats the root cause of oral health problems. Most products on the market to date are based on alcohol to stimulate nerve ends and leave the feeling of freshness but do very little if anything to treat the causes of bad breath etc. Neem 40 mouthwash has all the properties of active toothpaste but enables far more aggressive treatment.  
*Ingredients:- Distilled water, Neem, Mint, Benjoin, Eucalyptus, Cinnamon, Thymol*
